Monday 4th June

Term 2 Week 6

Welcome to Week 6 and winter! Please label jumpers with names as they are often taken off during the day and left in classrooms. These jumpers have a good chance of being taken home if they have names clearly labelled.

Mrs McClymont is recovering nicely and will return back to school next Tuesday after the long weekend. She thanks everyone for their well wishes. Miss Power will continue to teach the K-2 class this week.

This afternoon I am heading off to Coffs Harbour to attend a Department of Education Legal Conference, although we are a small school it is paramount that we stay up to date with changes that occur within the department. Miss Claire King will teach 3-6 in my absence.

We now have a new mobile phone! As discussed at the last P&C meeting we have purchased a mobile phone to help with communication between school and home. The mobile number is 0436601231. This phone will be used to sent reminders and last minute messages. You can use it to let us know about absences, reminders, last minute messages and questions.

Our 2018-20 School Plan

Strategic Direction 1 -Excellence in Learning

Purpose: Engaging every student at Fernleigh Public School in meaningful learning experiences will support students in achieving their full potential as successful, resilient learners, confident and creative individuals and active and informed citizens. Every student in our care will be acknowledged as an individual who values themselves and others. Students will be exposed to teaching and learning experiences that are relevant to their individual needs and align with current best practice and pedagogy.

Strategic Direction 2—Excellence in Teaching'

Purpose: To ensure that all student learning is maximised by quality teaching and best practice pedagogies which are evidence based and informed by current thinking and research. This will be fostered through a culture of continuous improvement, quality professional learning and outstanding educational leadership.

Strategic Direction 3 -Excellence in Leading

Purpose: Foster a united culture through school and community collaboration and quality educational practices.

TOGETHER WE GROW

Cooking

Last week the students made the most practical bacon and egg cups with stick salad and hummus. They were simple and delicious. They wouldn't have been so yummy without great teamwork and cooperation of all the students. "It was really fun making them" said Fleetwood and Mimi.,

Return Book Club by 20th June

Next Wednesday the students will be cooking soup. The students will be making chicken noodle soup and lamb and vegetable soup. They will also make a bread roll to go with it. Please bring in **\$4** to go towards the cost of ingredients.

Stick Houses By Gus

A couple of days ago my friends and I made stick houses against big trees. It was really fun and mine was a really cool house. School finished and night fell. I was really excited in the morning, I ate my breakfast and got dressed for school. I caught the bus to school. When I got to school I went to see the stick houses, there was mushrooms and glitter everywhere. I was so excited to tell everyone. When they came to school I told them what happened over night. They were so excited to see it. Then I made another house. One of the fairies was named Lilly. I made a car park and a road for the car. We all made lots of new houses.

Stick Houses By Fleetwood

I Fleetwood and my friends built fairy houses. That night fairies came and put mushrooms and stars around the stick houses. Other kids came to look for ideas on how they could build some more stick houses. One of the fairies names was Lilly. I never saw her but I think she came only in the night. The mushrooms were red and white and I think the fairies wings were red and white too. I made a garage for the house and a garden. I made a sign saying Moss cottage. It was fun!

Quote of the Week

“We are always
striving for
improvement”
