**Growth Mindset** Fernleigh Public School promotes and teaches GROWTH MINDSET as part of H2Learn. This year we have continued to work with the school community in understanding why having a positive mindset is important for life. Our focus for the remainder of the term is to teach the link between the Learning Pit and Learning Comfort Zones. The Learning Pit is a place that we all go when we are learning a new concept. It is the strategies that we use to 'get out of the pit' that allow us to achieve new learning. The Learning Comfort Zones are different zones we progress through whilst learning. They link to the emotions we feel and experience on our learning journey. The lifelong skills of determination and persistence will be a focus. Strategies that the students will be taught include self-talk, helping us to work out what to do when we are faced with a challenge and why going into the pit and progressing through the zones are essential.

It would be great if you could have a discussion with your child/ren

about the Learning Pit and different Learning Comfort Zones

**Volunteers in Schools** - It is mandatory for all volunteers to provide a working with children check, filling in 'appendix 5' and supply 100 points check before volunteering in school.

The visitors sign on register is located outside the 3-6 classroom.

The Working With Children Check (WWCC) is for anyone who works or volunteers in child related work in NSW. It involves a National Police Check (criminal history record check) and a review of reportable workplace misconduct.

If cleared, the check will be valid for 5 years, however applicants are continuously monitored. There is no charge for volunteers.

You can apply online for your WWCC at <http://www.kidsguardian.nsw.gov.au/childsafes-organisations/working-with-children-check/apply/apply>
